

FOOD-X MAX PRO

White Size 3-14 SFW-40300-B

COLLECTION

Our PRO wellingtons are crafted for professionals across various industries, offering high level protection, comfort, and durability. The PU/TPU sole unit enhances slip and abrasion resistance, providing safety and flexibility. Advanced materials and innovative design ensure long-lasting durability for everyday use. Perfect for agricultural, construction, or industrial work, our wellingtons withstand tough conditions, ensuring your safety and comfort all day. Explore our range for a perfect fit and superior comfort.

ABOUT THIS PRODUCT

Introducing our Food-X Max PRO wellington; engineered for durability and comfort in tough conditions. These lightweight boots offer superior thermal insulation, enhanced UV resistance, and full waterproofing. With a steel toe, anti-slip PU/TPU sole unit, they ensure safety for all-day wear. The PU/TPU sole unit combination provides increased durability, chemical resistance, and structural integrity, ideal for challenging environments.
